WHO WE ARE

Al Yusr is a leading provider of engineering and industrial solutions across the Middle East. With years of proven expertise, we specialize in delivering high-quality services and reliable products that meet the highest standards of safety, precision, and performance.

Our commitment to excellence and customer satisfaction has positioned us as a trusted partner in multiple sectors.

OUR MISSION

To deliver innovative, cost-effective, and sustainable engineering solutions that empower our clients and contribute to regional growth.

OUR VISION

To be recognized as a premier engineering company in the Middle East, known for quality, reliability, and innovation in every project we undertake.

OUR VALUES

Strive to Improve, Be enthusiastic and positive at work,
Work for our team, Deliver quality service to our customer,
Practice safety first, last and always.

OUR SERVICES

OUR EXPERTISE

At Al Yusr Middle East, we specialize in delivering high-quality technical and engineering solutions that meet international standards.

Our services are designed to ensure reliability, efficiency, and long-term value for every client.

SEVICES OFFERED

-  **Installation & Commissioning of Instruments**
Accurate setup and configuration of industrial instrumentation.
-  **Complete Weighing Solutions**
Supply, installation, and maintenance of industrial weighing systems.
-  **Portable Appliance Testing (PAT)**
Ensuring safety and compliance for all electrical devices.
- Onsite Calibration** 
Expert calibration performed at client facilities for minimal downtime.
- Laboratory Calibration** 
Comprehensive testing and calibration at our advanced facility.
- Overhauling of Valves** 
Repair and maintenance, ensuring long-term valve performance.
- Mechanical, Electrical & Plumbing (MEP) Services** 
Complete end-to-end MEP solutions for diverse industries.
- Onshore & Offshore Services** 
Skilled technical support for both land and marine operations.

CALIBRATION CAPABILITIES

Pressure:

Pressure gauges, Recorders, Sensors, Switches, Tong torque Gauges, Transducers, Transmitters, Safety Relief Valves, etc.

Force:

Compression & Universal Testing Machines, Flexural Testing Machines.

Temperature:

Temperature & Humidity Gauges, Recorders, Indicators, Controllers, Switches, Thermocouples, RTD's, Loggers, Furnaces, Ovens, Pyrometers, Transmitters, etc.

Dimensional:

Vernier Calipers, Micrometers, Dial indicators, Measuring scales, Gauge Blocks, Bevel Protractors, Angle Meters, etc.

Weighing Instruments:

Balances, Concrete Mixer Scales, Weighbridge, Batching & Asphalt Plants.

Surface Testing:

Paint Coating Thickness Gauges, Pin Hole Detectors, Adhesion Testers.

Electrical & Electronic Instruments:

Multi Meters, Tong Testers, Insulation Tester, Primary & Secondary Current Injection Kit, High Voltage Test Kit, Oil Test Kit, Relay Test Kit, Timer kit, Power supply, Transformer Turns Ratio meter, etc.

Torque:

Hand Torque wrenches

Geotechnical:

Proving Rings, LVDT, Dial indicators, CBR & Marshall Devices.

Other Instruments:

Sound level meter, Anemometer, Lux meter, Electrode ovens, Welding Machines, Tachometer, pH meter, Conductivity meter, Analytical and Laboratory Instruments, etc.

OUR CERTIFICATES

At Al Yusr Middle East, quality and reliability define everything we do. We adhere to the highest international standards to ensure our clients receive consistent, accurate, and trusted results.

ISO 17025: 2017 Accredited

ISO 9001: 2015 Certified

ISO 14001: 2015 Certified

ISO 45001: 2018 Certified

ARAMCO Registered

MODON Licenced

QUALITY POLICY

At Al Yusr Middle East, we are committed to:

- Delivering accurate, reliable, and traceable calibration services.
- Ensuring safe and environmentally responsible operations.
- Continuously improving our processes through employee training and technology upgrades.
- Meeting and exceeding customer expectations in every project.
